

MECHANIC'S LIENS IN NEVADA

TRICKS OF THE TRADE TO GET PAID

COMPLIMENTARY SEMINAR

In these difficult economic times, ensuring that you receive compensation for your product or service is paramount. In the Nevada construction industry, mechanic's liens are a good way to make sure this happens. The mechanic's lien can be a powerful legal tool, but a solid background in the process is necessary to make sure that each step is completed correctly, and within the narrow time period allowed. In this complimentary seminar, we will walk you through the basics of Nevada's Mechanic's Lien Statute. We will also outline the mechanic's lien perfection process, taking your lien to court, as well as other considerations.

Presented by: Robert H. Domico, Esq. and Brian K. Walters, Esq. of Morris Polich & Purdy LLP

Audience: This seminar provides an insight that is ideal for practically any professional in the construction industry, including builders, contractors, material suppliers, subcontractors, and design professionals.

Details: Wednesday, May 4, 2011

MPP's Las Vegas Office
3883 Howard Hughes Pkwy., Suite 560
