

# SEMINAR – MDS 3.0: A PLAINTIFF’S REQUEST FOR ADMISSION DREAM

---

Skilled nursing facilities need to be aware that the upcoming changes to the MDS not only have clinical applications, but legal implications as well. In many instances, the changes to the MDS are filled with “gotcha” situations, and read like a plaintiff’s outline for building a solid civil claim. In this complimentary seminar, we will provide tips on building the proper clinical foundation for approaching the new MDS that will help mitigate the legal concerns.
